

Peter Cram is the Chair of the Department of Internal Medicine at the University of Texas Medical Branch (UTMB) in Galveston, TX and an adjunct Professor of Medicine at the University of Toronto. He was on faculty at the University of Iowa (2002-2013) and Director of the Division of General Internal Medicine and Geriatrics at Sinai Health System and University Health Network at the University of Toronto (2014-2021). Dr. Cram was previously a Robert Wood Johnson Physician Faculty Scholar and completed a Health and Aging Policy Fellowship in the office of Congressman Lloyd Doggett. His research focuses on variation in utilization, outcomes, and cost for hospital-based services. Dr. Cram is the co-founder of the international health system research collaborative (IHSRC) with Bruce Landon from Harvard (<https://projects.iq.harvard.edu/ihsrc>).
