

## **Peter Hegi, Vice President and General Manager, Vera Whole Health | Castlight Health**

Peter Hegi serves as Vice President and General Manager at Vera Whole Health | Castlight Health. With nearly a decade of experience in the health navigation space with companies like Alight, Compass, and now Castlight, Peter brings a wealth of expertise on the evolving navigation landscape and growing demand for navigation solutions to simplify the healthcare experience, deliver better health outcomes, and lower the cost of care. Throughout his 25-year career, Peter has held senior sales, marketing, and engineering leadership roles at numerous healthcare and med-tech companies, overseeing the development and commercialization of new products and services to increase impact, revenue, and profitability. Peter holds five U.S. patents and three degrees from Stanford University – a Master of Business Administration, a Master of Science in Manufacturing Systems Engineering and a Bachelor of Science in Mechanical Engineering. A former NCAA champion gymnast, Peter brings his competitive fire to making it as easy as humanly possible for individuals to navigate the healthcare system and live happier, healthier, more productive lives.
