

Texas Employers  
For Affordable  
Health Care

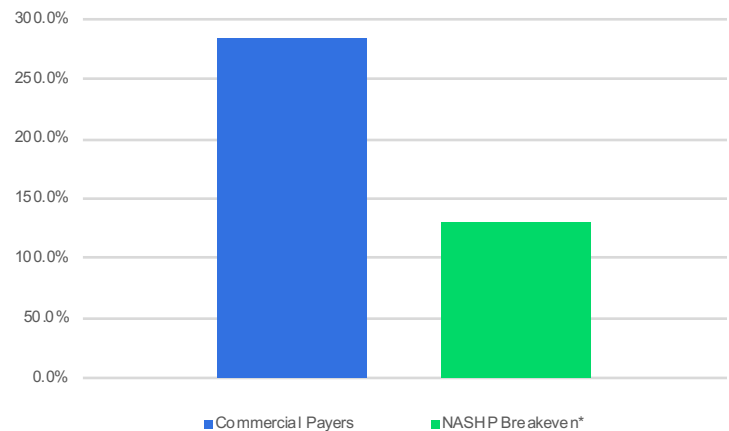

# Employers are paying **TOO MUCH** for health care

Texas employers pay **over 3x the Medicare rate** for in-patient and out-patient hospital services.

Skyrocketing healthcare prices impact business growth, wage increases, employee health, and quality of life.

Together, Texas employers can cut health care expenses and improve quality of care for their employees.

Percentage of Medicare Price Paid for Healthcare

This is **UNREASONABLE** and **UNSUSTAINABLE**

Join TXEAHC and help rein in out-of-control health care expenses.

\*Payment level or rate required from commercial payers (expressed as a percentage of Medicare rates) to allow the hospital to recover maximum expenses.

# Together, Texas Employers can rein in health care prices

**WHAT WE DO:** Represent employers, employees, and their families at the Capitol to rein in excessive health care prices.

- ✓ Fighting to lower the price of employer sponsored health care.
- ✓ Educating HR professionals about new laws, risks, and opportunities.
- ✓ Empowering employers with information and tools to design better plans.
